

MD SOHAIL AHMED

mdsohailahmed25017@gmail.com | +91- 9739325017 | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

Professional Summary

Full Stack Developer proficient in JavaScript, React.js, Node.js, Express.js, and MongoDB. Experienced in building full-stack web applications, developing RESTful APIs, and implementing efficient, scalable solutions. Strong problem-solving skills with a passion for creating high-quality applications using the MERN stack.

Skills

C++ | Javascript | Typescript (Basic) | React.js | Node.js | Express.js | MongoDB | MySql | Rest API | GenAI | Git & GitHub | Postman | Kotlin | Android Studio | HTML | CSS & Tailwind CSS | Data Structures & Algorithms | OOPs | DBMS

Work Experience

App Developer Intern (Remote) | MindMatrix

Feb 2026-May 2026

- Developed scalable applications using Kotlin and Android Studio, implementing modern UI and architecture practices.
- Integrated Generative AI APIs to enable intelligent, context-aware in-app features, enhancing user interaction and functionality.
- Designed and consumed RESTful APIs for seamless data communication, while optimizing application performance to improve responsiveness and efficiency.

Projects

InterviewMaster – AI Interview Prep Platform | [Live](#) | [GitHub](#)

Feb 2026

- Built a full-stack AI-powered platform to analyze candidate readiness for job roles.
- Implemented JWT-based authentication and scalable REST APIs for secure user management.
- Integrated Google Gemini API for resume-job matching, skill gap analysis, and personalized preparation plans.
- Developed AI-driven modules to generate technical and behavioral interview questions.

Delish - Restaurant Web Application | [Live](#) | [GitHub](#)

Jan 2026

- Developed a full-stack restaurant web application featuring menu display, services overview, and table reservation system.
- Built a responsive and intuitive UI using React.js for seamless user experience.
- Designed RESTful APIs with Node.js & Express.js and integrated MongoDB for efficient data handling.
- Implemented dynamic reservation management and optimized performance for smooth interactions.

Paste App-React-Based Code Snippet Manager | [Live](#) | [GitHub](#)

Dec 2025

- Built a text/code management app using React.js and Redux Toolkit for efficient state handling and seamless data flow.
- Implemented features for creating, editing, and managing code snippets, enhancing user productivity.
- Designed a responsive UI using Tailwind CSS with reusable components for scalability and performance.

Achievements

- **AICTE-Edunet** certified program: Building Modern Web Applications with **MERN Stack** | [Link](#)
- Solved 200+ Data Structures & Algorithms problems on **LeetCode** | [Link](#)

Education

B.Tech in Computer Science & Engineering

2022– 2026, Bengaluru

City Engineering College (VTU)

CGPA: 8.1/10.
